in recent decades we have witnessed an increasing use of projects and similar temporary modes of organising in the public sector of nations in europe and around the world while for some this is a welcome development which unlocks entrepreneurial zeal and renders public services more flexible and accountable others argue that this seeks to depoliticise policy initiatives rendering them increasingly technocratic and that the project organisations formed in this process offer fragmented and unsustainable short term solutions to long term problems this volume sets out to address public sector projectification by drawing together research from a range of academic fields to develop a critical and theoretically informed understanding of the causes nature and consequences of the projectification of the public sector this book includes 13 chapters and is organised into three parts the first part centres on the politics of projectification specifically the role of projects in de politicisation often accomplished by rendering the political technical the chapters in the second part all relate to the reframing of the relationship between the centre and periphery or between policy making and implementation and the role of temporality in reshaping this relation the third and final part brings a focus upon the tools techniques and agents through which public sector projectification is assembled constructed and performed

calls for performance measures and metrics sound good but public sector organizations often lack the tools required to assess the organization as a whole and create true change in order to implement an integrated cycle of assessment planning and improvement government agencies at all levels need a usable framework for organizational assessment that speaks to their unique needs organizational assessment and improvement in the public sector provides that framework an understanding of assessment itself and a methodology for assessment focused on the public sector the book introduces the concept of organizational assessment its importance and its significance in public sector organizations it addresses the organizational theory that underlies assessment including change management organizational and individual learning and organizational development building on this the author focuses on the processes and demonstrates how the communication that results from an assessment process can create a widely accepted case for change she presents a model grounded in the malcolm baldrige national quality program criteria but adapted for the culture of government organizations she also addresses the criteria that form the basis for assessment and implementation and provides examples and best practices facing decreasing budgets and an increasing demand for services government agencies must increase their capabilities maximize their available fiscal and human resources and increase their effectiveness and efficiency they often operate in an atmosphere that prizes effectiveness but measures it in silos assigned to individual programs and a structure that encourages people to do more with less while systematically discouraging efficiency stressing the significant and important differences between a business and a government this book supplies the knowledge and tools necessary to create a culture of assessment in government organizations at all levels

state administration in modern industrialized countries is facing major challenges to its basic institutional premises the changing conditions of the global economy mean that the public sector needs to develop far reaching strategies for innovation a fundamental reform of the public sector is thus one of the most urgent issues on the international agenda the volume examines and compares trends issues and experiences of this reform process in sweden and germany

in a time of unprecedented turbulence how can public sector organisations increase their ability to find innovative solutions to society's problems leading public sector innovation shows how government agencies can use co creation to overcome barriers and deliver more value at lower cost to citizens and business through inspiring global case studies and practical examples the book addresses the key triggers of public sector innovation it shares new tools for citizen involvement through design thinking and ethnographic research and pinpoints the leadership roles needed to drive innovation at all levels of government leading public sector innovation is essential reading for public managers and staff social innovators business partners researchers consultants and others with a stake in the public sector of tomorrow

in these times of dramatic social economic and political change governments around the world are questioning their roles and responsibilities in the public sector there is a trend away from traditional public sector model and that of market ideology but there does not yet exist a universally accepted alternative brendan nolan offers a comparative analysis of public administration in several oecd countries the uk usa australia and scandinavia and explores possible future directions

at last a textbook on the public sector for students of social policy public policy political science and sociology this book explains why we have a public sector and what tasks it is expected to perform

the seventh edition of the bestselling public sector management is a rich and insightful description analysis and critique of the management of the public sector by the uk government new to the seventh edition now set in an international context with comparative global examples throughout three new chapters covering strategy and planning in the public sector transparency accountability and ethics and non profit management including the role of social enterprise and the voluntary sector examines the impact of the continuing financial crisis on public spending an updated companion website with tutorial videos free access to full text journal articles policy documents links to useful websites and social media resources public sector management is essential reading for undergraduate and postgraduate students studying public sector management as part of a business management or politics degree

theory and practice of public sector reform offers readers differing theoretical perspectives to help examine the process of public sector reform combined with an overview of major trends in the core areas of the functioning of the public sector the book consists of three parts the first addresses a number of conceptual and theoretical perspectives on public sector reform it shows how different ways of looking at reform reveal very different things the second part addresses major changes in specific areas of public sectors objects of reform part three focuses on the study of public sector reform aimed at academics researchers and advanced students this edited collection brings together many of the most eminent academics in the area of public policy and management seeking to link to theory in part one and insights into specific thematic areas in part two offering readers a display of theoretical perspectives to look at public sector reform

the public sector in many countries remains a major part of the economy in terms of both employment and provision of services but the last 15 years it has undergone a revolution in structure performance and management thinking exploring public sector strategy the latest book in the exploring corporate strategy series explores

how strategic management theory and practice is applicable to public sector organisations tiré de l'endos du livre

following on from the success of the editors previous book new public management the transformation of ideas and practice which examined the public reform process up to the end of the last decade this new volume draws on the previous knowledge both theoretically and empirically it examines and debates the post new public management reform development in denmark norway sweden australia and new zealand the ideal follow up to the previous volume this book includes many of the same contributors in addition to some fresh voices and is a must for anyone looking for an integrated framework of analysis comprehensive and analytical it is an important contribution to the study of public administration and particularly to the reform of public management

drawing together key contributions to the field this innovative reader provides a broad ranging overview of both the theory and practice of public service management the book outlines the social political and economic contexts in which management has emerged as a crucial issue in the public sector of modern democratic countries introduces the major theories issues and concepts involved in defining and understanding public sector management analyzes some of the key values underpinning the idea of the public domain and examines some of the main challenges in terms of particular strategies techniques and competences which have been proposed to improve management for public services public sector management is

deregulation privatization and marketization have become the bywords for the reforms and debates surrounding the public sector this major book is unique in its comparative analysis of the reform experience in western and eastern europe australia new zealand and canada leading experts identify a number of key factors to systematically explain the similarities and differences map common problems and together reflect on the future shape of the public sector exploring significant themes in a lively and accessible way

durch ihren öffentlichen auftrag und die finanzierung durch die haushaltsabgabe stehen ard zdf und das deutschlandradio unter einem besonderen legitimations und rechtfertigungsdruck dabei rücken forderungen nach transparenteren finanz und gremienstrukturen der sendeanstalten zunehmend in den vordergrund neben der deutschen debatte reflektiert der band in 14 länderfallstudien entwicklungen und diskussionen um die zukunft der finanzierung öffentlich rechtlicher medien und verbindet dabei medienpolitische forschung und praxis

this important new book offers fresh insights into the growth of the public sector in advanced and developing economies the economic causes and consequences of changes in the size of the public sector especially changes in public expenditure have fascinated economists from the time of adam smith from the early 1960s interest has focused particularly on changes in the share of national income devoted to public expenditure this has exhibited a long run upward trend since 1945 in almost all oecd countries substantial fluctuations over shorter periods have also been observed understanding the processes underlying these phenomena is of clear importance for public policy makers and economists have developed numerous theories attempting to explain them the major questions of interest are what forces have been causing the share of public expenditure in gdp to rise over the longer term are these forces susceptible to policy is the public sector taking an increasing

share of real resources can government attempts in major oecd countries to control or reduce the size of the public sector in the 1980s and 1990s be sustained what consequences follow from their success or failure the growth of the public sector focuses on this important issue and assesses the contribution to current knowledge of different theories including public choice bureaucracy models relative price effects and wagner s law it also contains a number of new case studies focusing on specific government activities such as education health and social security
